## Q5 What policies would you propose to promote continued job growth for private employers, including both nonprofit and for-profit business employers? (Limit: 250 words)

I would support policies that promote job growth in higher paying jobs, especially in the rural and low wealth communities. Hopefully, that will cause less strain on a Nonprofits limited resources and will give more people the opportunity to donate. I would also support policies to provide more resources for those Nonprofits that have a proven success rate.
