Q1 About Candidates

Candidate Name	Larry Potts
District	NC House 81
Party Affiliation	Republican
Campaign Website	Pottsforncouse

Q2 What has been your personal experience with nonprofits as a board member, employee, volunteer, or donor? How do these experiences shape your policy positions? (Limit: 300 words)

I recently finished two terms on WFBH-Lexington Medical Center and have a great appreciation for the complexities of non-profits and the services they provide—Currently I am President of the Local Volunteer fire Dept and the hours of training and responding to emergencies are invaluable to our community- Having served as a Team Leader for the United Way gave me a full view of the various agencies and their community service as well as the ongoing need to raise funds to continue. The hours of volunteer service would be impossible for the tax payer to pay if charged for the volunteer hours.

Q3 If elected, what would be your top three policy priorities? (Limit: 250 words)

Making priorities depends of your view of the needs—I have and will work to create a safe learning environment -taught by well trained teachers who are well compensated for their efforts. As well as provide a business climate where job and wage growth in promoted and government interference is limited to create jobs for this and future generations and provide a safety net for those who are unable to work.

Q4 What is your position on these tax issues that affect charitable nonprofits?

Preserving or expanding tax exemption for charitable nonprofits	4
Encouraging individuals and businesses to give generously to nonprofits serving their communities	3

Q5 What policies would you propose to promote continued job growth for private employers, including both nonprofit and for-profit business employers? (Limit: 250 words)

The policies I have help create have provided over 500,000 jobs in 7 years and companies are continuing to locate their business in one of the fastest growing states in the US. Allowing workers to keep more of their checks and businesses to pay less taxes and continued review of regulations will help both for-profits and non-profits to achieve their goals and aims.
